Message 27 October 2016

Dear Norma

I'm going to organize a cabin charter cruise starting from 28th January for 1 week charter, from /to Tortola, sailing along the beautiful BVI Islands.
The crew is italian but for this trip we do not provide hostess/cook service, only expert captain that sail at BVI during the winter on board a sailing catamaran.
We are collecting the confirmation in order to confirm the week charter.
if you are interesting I could send more information .
2.000 US$ per person is the right budget for this trip. You have to add the food, beverage and harbor fee expences that is about 500 US$ per week.
Piero

PAT PENDING

Changing lenses on **MX goggles** has always been a nightmare.

The **Magneto Connect™** represents an absolute innovation in this field, a rulebreaking system which gives our **Magnetika** goggle the most simple and intuitive interchangeable lens system you have ever experienced.

A high impact resistance nylon front frame is connected to the soft **TPU** ergonomic shock absorber frame but magnets force.

The injected **high definition PC lens** lays in the middle, creating a solid but extremely comfortable package.
